Hello,

The following can be used that display video from YouTube in the lightbox:

1. If 'System - ARI Colorbox Anywhere' plugin is used:

{aricolorbox activeType="rcontent" opt_width="640" opt_height="385" url="http://www.youtube.com/v/idRc_KkInds" link="Show video" title="Video caption"}{/aricolorbox}

2. If 'System - ARI Colorbox' plugin is used:

Show video

PS: We can't open your site because it requires credentials.

Regards,
ARI Soft
