Hi,

How can i remove the thumbnails from top of the image? (letter A on image)

It will be nice to move the thumbnails to position B (letter B on image)

Hello,

If you want to remove overlay thumbnails, set "Gallery thumbnails" parameter to "No" in module (if you use "ARI Pretty Photo" module) or in "ARI Pretty Photo Anywhere" plugin settings. Overlay thumbnails can't be moved to position "B" because it requires custom development.

Hi,

Too bad it can not be move to position B. It could be a good feature for future versions.
