
Change Background color of Image Gallery

Posted by eraz - 2011/08/09 21:03

hey there,

i want to change the background color of my image gallery. The Background is now white, but i need something darker, see here:

<http://www.spotcatch.net>

How can i do this? thanks ;)

Hi,

sorry it's not a solution, but I see your site and it's very nice,

I want to do the same gallery, did you do that with ari pretty photo ?

can you explain to me ?(or a copy of characteristic for the module ?)

thanks

C.

Hello,

Do you want to change content background or background of the lightbox?

Content Background (the biiig white box where the thumbnails are placed :))

@crapulfeust

Thats just with default setting, but changing thumbnail size, lightbox theme and thumbnails per row.

Add the next CSS rules:

TABLE.ari-theme-shadow

```
{  
  background-color: gray;  
}
```

TABLE.ari-theme-shadow .apretty-inner

```
{  
  background-color: white;
```

}

ok i've tried this. But now theres a white border around the box? (i am stil meaning the big one)

Or would it be possible to make the hole box transparent?

/edit
have found a solution, thanks

Even if you don't change your background it still looks perfect for your content..
