
update ARI Fancybox 1.4.8

Posted by erikdreyer - 2011/02/28 17:40

Hello,
Where I could find my version of ARI Fancybox? And how I can update to version 1.4.8 without losing all my settings? I would like to use the new layout theme "fancy"

thanks,
Erik

Hello,

Version of any Joomla! module can be found on "Extensions -> Install / Uninstall -> Modules" page on Joomla! backend. The latest version of the extension is always available in "Member Area". Upgrade process doesn't require to uninstall previous version of the module (or the plugin), install new version over old version through standard Joomla! installation page. All settings remain untouched.
