How to add the image/s in the article

Posted by kmhbg - 2011/11/25 12:24

_____

Hi to everybody,
can please someone tell me how to add the image to the article? I'm using K2 Items, but even with nromal Joomla Articles there is no let's say a "button" with which i have to choose which images to put in the article. Something like this - http://clubs1.bg/news/gran-pri-na-brazilia-slaga-nachalo-na-nov-etap-v-zhivota-na-hamiltan-20823

And then, how can i put gallery under the article :)

Best regards :)

Hello,

Image gallery with lightbox effect can be added with help "ARI Fancybox" module (you can show it in module position) or with help "System - ARI Fancybox Anywhere" plugin (it can also provides ability to load "ARI Fancybox" module). Documentation how to use the plugin can be found in "Description" field on plugin settings page.

Regards,
ARI Soft

_____

Thanks for the fast answer. I looked at the help file, there is enough information. Still I have an answer, because i'm not much into joomla & Programming. Is it needed ARI Fancybox to be installed & enabled in order ARI Fancybox Anywhere to works?

_____

You are welcome. "ARI Fancybox" module is required because it contains necessary javascript and CSS files. "System - ARI Extensions" plugin is required if you use Joomla! 1.6+.
