_____

Hello, it's possible show in automatic the name of the images? take it from same name of the image.
Many Thanks.
Andrea

Hello,

If you use "ARI Fancybox" module and show images from folder(s) on your server, set "Layout type" parameter to "Simple gallery" and "Simple gallery -> Empty title" parameter to {$fileName} or {$baseFileName} value.

Regards,
ARI Soft

Thanks for reply.
It's possible add title using plugin?
Or better, with this:
{arifancybox activeType="imglist" dir="images/stories;images/banners"}{/arifancybox}

Many Thanks!

_____

Download and upgrade "ARI Fancybox Anywhere" plugin and use the following plugin code:

{arifancybox activeType="imglist" dir="images/stories;images/banners" emptyTitle="{$baseFileName\}"}{/arifancybox}

Regards,
ARI Soft
