ARI Fancybox captions
Posted by seawingdesigns - 2017/07/07 18:51
_____

Is there a way to make captions appear with the images in fancybox?

Hello,

Could you provide a screenshot where we can see what you want to achieve?

Regards,
ARI Soft

_____

Each ngg image has a title and a description. In that description is a link to a website. This was displayed in a previous lightbox that I used, but I switched to this one for the social media links. I still need the description to be displayed though.

Update the plugin to v. 1.6.2 please. It shows title and description for NextGEN images.

Regards,
ARI Soft

I updated the plugin and now the lightbox doesn't work at all. :(I have changed it to the regular lightbox until I get ARI figured out.

Is it possible to see the problem anywhere so we can investigate it? You can send a link by email. The latest version of the plugin is working fine on our test server.
