
My image - files png on transparent fon

Posted by vladimirgals - 2012/06/07 11:20

Hi,

My image - files png on transparent fon. When second image is appear, the first image dont disapearing imedately, what's wrong. Any time (~90% time of cicle) I see two image - second above first.

What I mast do? In other ArImageSlider is fine!

Exuse me for my English - I am from Russia.

Hello,

Where we can see the problem?

Regards,
ARI Soft

Hello,

You can see problem only on my denwer localhost. Sait in disigning.

In attach - PrintScreen (see top right). Only in the end cicle (~ 1 sec) first image is disapear and live one second image.

When image is photo (no trasparent fon) - all OK, becose the first photo bottom and dont see.

Regards,
Vladimir
