
Notice regarding ARI Sexy Lightbox Lite

Posted by ajack036 - 2013/07/22 17:43

My directory is here <http://www.yorkcountychamberva.org/index.php/component/sobipro/?sid=1&Itemid=556>

When I click on a Category, such as Advertising and Media the following notice occurs. "Notice: Trying to get property of non-object in /data1/yccc_joomla3/plugins/content/arisexylightboxlite/arisexylightboxlite.php on line 54 "

How do i get this to stop appearing?? I disabled the plugin ARI Sexy Lightbox Lite and the notice goes away but is there another way?

Thanks

A
