
Images from ftp

Posted by iris - 2010/10/17 12:08

Hello again.

I install ari sexy lightbox few minutes ago

www.irisprint.gr/joomla is my site

i want to make effect on my pictures

But i want to put the same pictures from ftp(images directory)

How can i put it?

i choose this from plugins manager

How to show image?

Type the following HTML code:

i change

with [images/stories/picture.jpg} but nothing

=====

Hello,

Do you use ARI Sexy Lightbox or ARI Sexy Lightbox Lite extension? If you use ARI Sexy Lightbox Lite the following code can be used into an article:

Regards,
ARI Soft

Could you provide temporary access to your Joomla! backend and article name where you try to use the plugin by email that we can investigate this issue?

Regards,
ARI Soft

We have created test article called 'ARI Sexy Lightbox Lite' with the following code:

and it works fine.

Regards,
ARI Soft

in some images the "text image" i used is big and appear only some words.
look here

<http://www.irisprint.gr/joomla/2010-10-16-17-28-09/2010-10-16-17-29-27.html>

Hello,

This is limitation of the plugin. It can't display large text as title in the lightbox.

Regards,

ARI Soft
