
Ari Photo gallery

Posted by donnaadcock - 2013/04/30 14:09

Hello

We have recently purchased the ARI Photo Gallery for our school website - unfortunately I cannot get it to work. We have followed the instructions but it is still not working. Do you have any suggestions

Regards

Donna :(

Hello,

What plugin code or module settings do you use and what exactly doesn't work?

Regards,

ARI Soft
