Ari Photo gallery Posted by donnaadcock - 2013/04/30 14:09
Hello
We have recently purchased the ARI Photo Gallery for our school website - unfortunatley I cannot get it to work. We have followed the instructions but it is still not working. Do you have any suggestions
Regards Donna:(

Hello,
What plugin code or module settings do you use and what exactly doesn't work?
Regards, ARI Soft
