Hello!

I can't get ARI Photo Gallery to work!

I made configurations and put this link in the article...

```
{ariphotogallery dir="images/fotogalleri"}Show gallery{/ariphotogallery}
```

What did I make wrong?

Can I send you a mail with login to check it?

cheers/Stephan

Hello,

Add the following CSS rules to site template CSS file:

```
.ari_lightbox_container > DIV
{
  color: #FFF;
  font-family:"Lucida Sans Unicode","Lucida Grande",sans-serif;
  font-size:1em;
}
```

```
.ari_lightbox_container > DIV:hover
{
  text-decoration: underline;
}
```
