Quiz Category Description Posted by 4creator - 2008/08/02 05:42
Hello,
Can I show Quiz Category Description in the Frontend?
Thanks, Hideto
Re:Quiz Category Description Posted by admin - 2008/08/02 07:39
Right now there is no such functionality in ARI Quiz. We will think about including this in one of the future releases - create template with parameter QuizCategoryDescription - to let user create display templates. But since we are busy c supporting ARI Quiz 2.0 and other new components this will be done not soon. So if you wish you can order custom development for this.
Regards, ARI Soft
