
Apostrophes and Quotes in Answers

Posted by kjulian99 - 2008/08/13 20:44

Apostrophes and quotations in my answers fields seem to cause errors. Is this normal? If so, I can reword my answers; if not, is there a fix?

Hello,

Could you please provide us with access to your Joomla! system so we could log in and investigate. Also we need information about which browser and WYSIWYG editor do you use. Plase send the credentials via email.

Regards,
ARI Soft
