
Does anyone know how to put Voice OVerS on joomla?

Posted by teachen34 - 2008/08/27 01:28

i figured this might be a good place to ask if anyone can help me by telling me how to put voice overs up on my site... I want to be able to do voice overs so that mac and pc people can hear my voice. . about 10 - 20 seconds in length...I hope someone can help me out there. isn't there an extension of some kind?

Hello,

Next week we are going to release the update that will contain functionality to process question content with mambots (plugins). This will allow to insert audio/video using WYSIWYG editor or even third-party plugins.
