
How do I upgrade

Posted by rodrigpc - 2008/09/24 15:50

I just purchased ARI Quiz few days ago, and you released 2.1.1 today. How do I upgrade it?

Thanks,

Paulo

Hello,

Please check your email.

Now we're sending the updates on demand by email. Somewhere next week we are going to add member area functionality where customers generate the licenses and download the component.

Regards,
ARI Soft
