## test: image+question+3 or 4 multi choice question?

Posted by rmam - 2008/11/08 06:23
_____

I didn't buy ariquiz yet, because i don't know if it does what i need.

I need a test with:

-image
-question or sentence
-2,3, or 4 multi choice questions.

I saw ari quiz demo, but still got the same question: is it possible to do what i explained?

thanks,

Rui.

_____

Hello,

Thanks for your interest.

Sure you can do all these things with ARI Quiz component.

Regards,
ARI Soft
