How to rename buttons

Ages ago I renamed my buttons but after updating to the latest version, the old names are back. I have searched the forum as I'm sure there was already a post about this, but can't find the answer.
Thanks!

Hello,

Read here how to create a new translation or edit an existing one. The following language files are used for frontend part:

/language/en-GB/en-GB.com_ariquiz.ajax.ini
/language/en-GB/en-GB.com_ariquiz.ini

It is located in /language/en-GB/en-GB.com_ariquiz.ini file. See COM_ARIQUIZ_LABEL_SAVE label.
