
Update \"Custom Ari Quiz\"

Posted by enginbasturk61 - 2016/08/14 16:08

Hi!

As you know the Ari Quiz we have and the latest one are having different files... We cannot update it directly because we will loose our custom files...

Is there any easy way to find out which two files have no same content...

=====

Hello,

If you want to compare files and find difference, it requires to use a specific tool. For example Araxis Merge.

Regards,
ARI Soft
