Change the bg and color of the buttons?

Posted by meez - 2008/12/10 14:37

Is there a way of changing the backround-color and font-color of the 'Next Question-button' and the 'Start-Quiz-button' by css ??

i made already my own sylesheet but i can't find the .button ??

thanks

You can simply create your own .button CSS rule for this.
