I have installed the ARI Image Slider module today but its no autoscrolling, it stays on the 1st image it loads Can someone tell me what im doing wrong ?:) You can see the slider at http://www.toncla.nl/ Thanks in advance, Falko	ARI Image Slider not autoscrolling Posted by Falko - 2014/04/28 13:30
Can someone tell me what im doing wrong ?:) You can see the slider at http://www.toncla.nl/ Thanks in advance, Falko	Hi guys,
Thanks in advance, Falko Re:ARI Image Slider not autoscrolling Posted by admin - 2014/04/28 13:50 Hello, This problem with your site template. It doesn't contain the following code between and tags: Most of Joomla! extensions will not work properly without this code. Regards, ARI Soft Re:ARI Image Slider not autoscrolling Posted by Falko - 2014/04/28 20:13 Hello, Thank you!:) that worked for me:) Regards,	I have installed the ARI Image Slider module today but its no autoscrolling, it stays on the 1st image it loads Can someone tell me what im doing wrong ?:)
