# Image is not update...
Posted by melprok - 2015/05/09 15:16

_____

He, I update a image with the same name but I don't see the change.

If I use the same image with other name, I can see the change.

I must delete or reset something?

Thanks,
Jose

_____

Hello,

Try to clean Joomla! and browser's cache.

Regards,
ARI Soft
