ARI Slide Navigation
Posted by kuzco9x - 2016/05/17 07:38

Im just install the ARI Image Slider to my website, but the Silde Navigation is not the dot like the sample, its become square like the attachment.
Can you help me?

Thanks a lot.

Hello,

Check "Theme" parameter in module settings.

Send a link to a page with the slider so we can investigate the issue in more details.
