Is there a way to rotate to the first/last image like the other ones?

what i want is the second example (the one with the flags)  
<http://www.professorcloud.com/mainsite/carousel.htm>

a live example of what i get (if you scroll with buttons, everything's ok, but if you try to click on the image on the right you will see)

It works perfectly now.  
Thank you very much for your patience. The module is great and i will rate it 5 stars in the JED.
