ACC not working no images

Posted by toddy - 2012/12/19 14:36

_____

I've just installed the module (My Joomla Vers.: 2.5) and set it up, but I can't get it to display any pics.

Here is a link to the site with the problem:
http://www.ttams.de/bis-neu

And here you can see the old joomla 1.5:

Any help gratefully accepted.
