
Not showing large images with Chrome

Posted by aspiridou - 2013/01/06 16:13

Hi, I use your fantastic module in a web site:
www.panossavas-jewelry.com. at menu collections
A month ago it not working with Google Chrome.

Safari, IE, Firefox: Is working Fine
Chrome, Opera: Not opening the images.

Any suggestion.

Thanks

Hello,

Contact RokBox developers because this problem with their extension.

Regards,
ARI Soft

Hi again,
I get the sexylightbox few minutes ago.
I installed it But now doesn't load the carusel at any browser.
My site is panossavas-jewelry.com and I put the sexylightbox at collections/crosses. At the other categories i still have rokbox.

Thanks

Hello,

This problem with your site template. It can't work properly when several jQuery instances are loaded. Disable loading of jQuery in sexy lightbox module and plugins.

Regards,
ARI Soft

Hi again,
I did that you said. I disabled jquery from module and plugin.
The carousel apears now But still not working properly. ONLY Chrome
Please take a look again at the panossavas-jewelry.com collections -> crosses.

And has no background like firefox when the pic pop up.

Any advise?

Thanks

Hi again.
I still have problem with panossavas-jewelry.com in Chrome.
When I click on the image's shadow the module work fine.
When I ckick on the image I still have the problems.

At the collection->crosses I have the sexy lightbox with opaque white, but I have trasparency
Please help.
Thanks.
Antonis

Hello,

Read our previous post. Disable lazyload or configure it properly.

Regards,
ARI Soft

OK I disable the lazyload from the template.

No change.

What can I do?

Thanks

Add the following CSS rule to "CSS Styles" parameter in "ARI Cloud Carousel" module settings:

```
.ari-cloud-carousel A
{
  display: inline-block;
}
```
