_____

I have created a .ini file with 6 image titles, descriptions and links in, however on my site the only image that is showing the info is the very last image in the .ini file - am i missing something?

Hello,

Send a link to a page where we can see the carousel and the link to INI file.

Regards,
ARI Soft

INI file is incorrect. It should contain only one , and sections:

living225180.jpg="Living Creations"
gumbo225180.jpg="Gumbo - West Sussex based Website Consultancy"

living225180.jpg="Orangespice's brief was to create compelling, creative and SEO biased content for Living Creations"
gumbo225180.jpg="Orangespice's brief was to create compelling, creative and SEO biased content for the Gumbo website"

living225180.jpg="http://www.orangespice.co.uk/portfolio/testimonials/copywrite"
gumbo225180.jpg="http://www.gumbo-uk.com"
