Lightbox images appear twice...

Posted by smallbiz - 2013/06/13 20:21

_____

Clicking on an image in the Carousel causes the Core Joomla lightbox to open, but the image within the lightbox is shown twice. We get the same effect irrespective of what lightbox option we choose.

In action here: Sample URL

Any ideas why this is happening? Running Joomla 2.5.11 and latest ARI Cloud Carousel
