
Carousel ... no images ... just loading

Posted by robthemanbob - 2014/02/24 16:21

I do not think the Carousel is working, the loading circles never go away. The loading circles just sit there and spin.

Website URL link is ((HERE))

I have multiple instances of your application installed due to needing different pictures on different pages.

Please assist :)

Thank you in Advance :)

Hello,

Set "Load jQuery method" parameter to "Local copy" in module settings.
