
drag function not working in IE9?

Posted by bjamminb - 2011/05/17 19:44

great software as usual but unfortunately hindered by microsoft.. as usual! the drag works in previous IE versions but not in IE9

is there a fix for this?

thanks

Hello,

Download and upgrade the module please. New version contains fix for IE 9.

Regards,
ARI Soft

thanks, this did the trick for a while, but now it seems if i try to move an image it jumps to the bottom of the page (even outside of the defined module area)

still just an IE9 issue
