Questions about Flip Book

Posted by kappadev - 2011/06/27 11:22

_____

Hi

i really like the Flip Book but i need to ask a few questions before i purchase it.

Can i put a different full page background image on each page?

Can i have different module and article positions on each page on top of the background image? (like a magazine)

Can i set it up so different users have access only to specific book pages and update background photo and content of that page?

Thank you

kappadev

_____

Hello,

Thank you for your interest in our product. Regarding your questions:

1. It is possible if you define different background in articles which will be loaded into the flip book.

2. If you want to use several instance of the extension on a page, it is possible. If you mean something another, could you provide screenshot where we can see what do you want to achieve?

3. Currently it is impossible.

Regards,
ARI Soft
