
How to Use Flip Book

Posted by rmgross1 - 2011/07/10 17:57

I have an article that includes photos and short bios of the people in the photos. I would like to put a photo on the left page of the book layout and the corresponding bio on the right page. How do I do that? Thank you for all of your help.

Hello,

The module shows articles with formatting created on article edit page. The next HTML code can be used in article:

DESCRIPTION GOES HERE

Where LINK_TO_IMAGE is link to necessary image.
