
Flip Book

Posted by oninrv - 2012/02/06 05:21

Hi! i'm having problem with the flip book. i don't know how to create css. i just want to make the text in the flip book readable. and how i can format the paragraph?

How can i do it?
thanks in advance.

Hello,

Could you provide a link to a page where we can see a book?

here is the link:
<http://gfi-sg.com/index.php/opportunity>

I just created the articles to test it and wonder how i could make it nice.

Thanks.

For example you can add the next CSS rule to "CSS Styles" parameter in module settings:

```
DIV.ari-flip-book-page
{
  color: #000000;
  padding: 10px !important;
}
```
