_____

He guys,

could you tell me what i can do about this mistake/error ?
I have switched off in Global Configuration/ Server / Error Reporting ... but ...im just wondering, thanx for any info !! ;-)

Strict Standards: Non-static method AriKernel::init() should not be called statically in

_____

Hello,

Do you use the latest version of the extension?

Regards,
ARI Soft

Hi,

sorry it took a while .. but i downloaded the latest one from the member area (1.7.0)

And ive got joomla 2.5.14

...and im using also your Image slider (1.6.8)

As soon as I have switched off in Global Configuration/ Server / Error Reporting the errors still happen... they look all stil the same :

Strict Standards: Non-static method AriKernel::init() should not be called statically in /****/plugins/content/ariflipbook/ariflipbook/kernel/class.AriKernel.php on line 75

thanx for any infos or tips ;-)

Paul

_____

Could you provide a link to a page where we can see the problem and a temporary access to your J! backend by email so we can investigate it?

Regards,
ARI Soft

_____

looks great, thanx !!!

Could you send me info about what was wrong ?

Was it my failure or was something else blocking/producing the errors ?

Thanx Paul

p.s. can also send it private via email
