
my images all become one

Posted by jbrown - 2013/12/20 21:06

Hi, just purchased this and I am having an issue with it. I have about 20 pictures in a directory but its not working right. Please take a look at the link below. thanks!

Hello,

Pages are changed and images are shown fine when we click by "Next" and "Prev" buttons. Could you explain in more details what doesn't work?

Regards,
ARI Soft
