## Opening a Multi-sheet Excel spreadsheet

Posted by philiplardner - 2012/08/22 23:46

---

Is it possible to open a multi-sheet spreadsheet on a specific sheet rather than the default 'Sheet 1'?... and if so... how?!

Thanks,

Phil.

Hello,

Google Docs Viewer and Zoho Viewer doesn't support described ability.

Regards,  
ARI Soft
