
How to disable print, download, etc.

Posted by bobgen - 2012/10/20 11:45

How is possible to disable Edit online, Download, Save in Google Docs and Print(PDF) when select full screen.
Is possible to set that function in relation withz Joomla ACL?

Hello,

It is not possible because Google Docs and Zoho Viewer services don't provide this ability.

Currently "ARI Docs Viewer" works only with Zoho and Google services to show Word documents.
