## Does Google crawl the PDF embedded?

Posted by ronyeli - 2013/05/04 21:35

---

Hi, i was wondering if Google crawls the PDF embedded by ari docs viewer. i looked at the code and it seems that the pdf is converted to an image (

Hello,

Google Docs service converts PDF documents to images with some HTML code and it loads into `img` element. This content will not be indexed.

Thanks you for your answer, so what can i do to index? i have upgraded the site and had all the guides that were in html converted to PDF since i didn't want to have so many pages...  
What is the solution?
