
Google Drive Spreadsheet scrolls page back to top

Posted by chrish - 2013/07/08 14:50

Excellent Plugin! When I try to embed a Google Drive Spreadsheet using the following code, it displays fine however it has the habit of sending the user back to the top of the web page when they interact with the spreadsheet, therefore the embedded Google Drive Spreadsheet is no longer visible unless you scroll back down to the bottom of the page

```
{aridoc engine="iframe" width="100%" height="800"}LINK TO GOOGLE DRIVE SPREADSHEET{/aridoc}
```

Any help in fixing this problem would be much appreciated!

Cheers,

Chris
