_____

After I installed the plugin it worked fine for one day, but now it only shows the Loadingimage for 1 second and the page stays empty....

This is the code that I use: {aridoc engine="google" width="650" height="550"}documents/leeg.xls{/aridoc}

And this the URL: http://www.oranjeharmonie.nl/aanbouw/vereniging/ledenlijst-compleet

Thanks in advance

Hello,

The document which you try to load doesn't exist. You can see if try to open this link into a browser.
