is it possible to show just 1st page
Posted by raunhar - 2014/12/24 11:37

_____

I need to display a pdf doc,which has about 5 pages. But only the 1st page should be displayed. If the user wants, then he / she can click on download and download the complete file.

_____

Hello,

The extension doesn't support this ability because this feature is not supported by Google Docs API.

Regards,
ARI Soft
