
lost space below books in fullscreen

Posted by pgarcia - 2015/11/19 18:07

Hi,

I'm having lot of lost space under the books in fullscreen. Do you know how can I fix this ?

Also, do you know when would it be possible to have bookmarks ?
thanks you very much !

pedro

Hello,

Check your mail please.

About a new major version of the extension, we will start to work on it next week.
