Two books shown

Posted by dodoni - 2016/01/19 09:03

_____

Hello,

As you can see at the link, there are two books rendered.

We have created the book, use the default template then create a menu item(screenshot).

Thanks http://www.ari-soft.com/images/fbfiles/images/menu_create.jpg

_____

Hello,

It seems one book is loaded as a module and another via component. Check "ARI Smart Book" modules on "Extensions -> Modules" page on Joomla! backend.

Regards,
ARI Soft
