
List of feature requests

Posted by mmam - 2009/05/21 15:20

- Filter by quiz in question categories menu;
- A new column in question categories: Count; (allowing to have general vision of each quiz);
- Filter by question text in question bank menu and in question list menu;
- Identify a question with an id, and the possibility of integrating this id on frontend quiz;
- Frontend system to navigate between questions (see the bottom of the attached file)
