Send email to user after complete quiz
Posted by BSP - 2010/03/28 12:30

_____

I would like AriQUIZ to send automatically the email to the user that passed a quiz at quiz completed and have the availability of hide the double "Email" button .
Is this possible for next version?

Thanks for your great job!

_____

Hello,

Yes, we'll implement this feature in the next version of the component.

Regards,
ARI Soft
