Request for improvements
Add to each question a text box for users to leave comments (bugs, suggestions, etc.)
The administrator can manage from the BackEnd comments.
thanks

Hi,

I think these two features are great.

Request for improvements

- Show ID in frontend (backend configuration from View / hide) abdullah71
- Add to each question a text box for users to leave comments (bugs, suggestions, etc..)
The administrator can manage comments from the BackEnd.
- Add Ranking questions <http://www.ari-soft.com/images/fbfiles/images/ranking.jpg>

Please

Option to show / hide the ID of the questions the bank's joomla frontend
It would be useful when more than 1000 questions on the bench
