Question Bank Adding Question

Posted by enginbasturk61 - 2015/07/25 06:10

_____

Hi!

When we add any question in question ban the category where we want to save questions should come automatically. When I select a category from the right side in question bank and apply for it, the question which i add also should recognize the same category as it is in Joomla articles...

_____

Hello,

Thank you for your suggestion. We will take it into account and implement in "ARI Quiz" v. 4.x.

Regards,
ARI Soft
