
Important Features

Posted by sarcas28 - 2018/12/05 18:52

Hi,

I propose to insert or develop the next 2 features for ARI Quiz:

1. In description page have the possibility to request the phone number too (right now is requested the Name and the Email)
2. Export to PDF the Quiz result with user answer marked and the correct answer for the questions.

Thank you a lot!
