ARI Stream Quiz PRO

Posted by Richaar - 2019/01/05 19:07

_____

Hi guys,

After adding some quizzes I found that it is not possible to import nor export questions.
Running the same or similar quiz on multiple websites is therefore very time-consuming.

Will there be a future update regarding import/export of the questions and their description?

Thanks

Hello,

We have this feature in our TODO list, but currently we can't provide ETA.

Regards,
ARI Soft
